For Boys and Girls, aged 5 – 14 years

To encourage children from 5 to 14 to spend longer working with a ball, practicing and developing their skills and participating in Futebol de Salão. This is a unique 5-a-side version of football played with a smaller, heavier ball with little bounce which helps develop the skills like all the great Brazilian players.

The programme has evolved into what we now believe to be the most complete development programme of any sport anywhere in the world. The BSS syllabus covers every area of football and whilst our coaching is by no means exclusively Brazilian there are 3 key aspects that have their origins in Brazil.
